

Personal Summary

A first-class Computer Science graduate with strong full-stack and mobile app development, and a strong interest in UX design. Skilled at bridging theory and code, from user research and prototyping through to building accessible, production-ready interfaces in React and Swift. Experienced in building applications for real users across health, location, and wellness domains.

Skills

- Languages: JavaScript, Python, Swift, Java, SQL, HTML/CSS
- Frameworks & libraries: React, React Native, pandas, NumPy, matplotlib
- Tools: Xcode, GitHub, VS Code, Jupyter Notebooks, Figma, Miro

Recent Projects

Hormone+ | Hormonal Health Tracking App | Final Year Project

- Built a cross-platform React Native app for real users managing hormonal health, applying a full user-centred design process: requirements analysis, iterative development, and evaluation against defined user needs.
- Designed personalised onboarding and user-specific filtering logic to adapt the experience to individual health profiles, prioritising clarity and sensitivity of presentation.
- Followed full SDLC methodology with unit testing and structured evaluation; documented in a first-class dissertation.

WalkTracker | Habit Tracking App | Individual Project

- Built natively in Swift/Xcode; designed UI and goal-tracking logic independently. Iterated on layout and interaction patterns through self-testing in a health context.

Education

BSc Computer Science | Kingston University

First Class Honours achieved.

Sept 2023 – Jun 2026

A-Levels | Prendergast Sixth Form

Art (A), Computer Science (C), English Literature (B).

Sept 2020 – Jun 2022

Certifications & Virtual Experience

Google UX Design Course | Coursera/Google

Currently enrolled.

In Progress

IBM Machine Learning with Python | Coursera/IBM

Supervised & unsupervised learning, model evaluation, decision trees, k-means, logistic regression in Python. Relevant to data-informed UX and health analytics.

Nov 2024

Work Experience

Brand Representative | Abercrombie & Fitch

Delivered consistent customer experience in a fast-paced environment; developed communication, adaptability, and problem-solving skills.

Sept 2025 – Nov 2025

Sales Associate | TK Maxx

Balanced multiple responsibilities in a high-volume store; supported onboarding of new colleagues and maintained operational standards.

Aug 2023 – Aug 2024
