---

## Personal Summary

First-class Computer Science graduate with a background in art and design, working across UX research and full-stack development. Experienced in taking projects from user research through to a working, tested product. Recent work spans health tech, food sustainability, and interaction redesign, with hands-on experience in React, React Native, Swift and Figma.

---

## Skills

- Languages: JavaScript, Java, Python, Swift, SQL, HTML/CSS.
- Frameworks & Libraries: React, React Native, pandas, NumPy, matplotlib.
- Tools: Figma, Miro, Xcode, GitHub, VS Code, Jupyter Notebooks.

---

## Recent Projects

### Hormone+ | Hormonal Health Tracking App | Final Year Project

- Built a cross-platform React Native app grounded in primary research to design for users underserved by existing period-tracking apps (perimenopause, PCOS, PMDD, etc.).
- Designed personalised onboarding and adaptive content logic, validated through usability testing and formal requirements/functional testing.

### Chewsy | Student Meal-Planning App | Coursework Project

- Designed an ingredient-first meal planning app tackling student food waste, grounded in UK food waste research and a competitive analysis against Mealime and Tasty.
- Built high-fidelity prototypes and an interactive click-through in Figma, including pantry tracking with expiry-based prioritisation.

---

## Education

### BSc Computer Science | Kingston University

Sept 2023 - Jul 2026

First Class Honours achieved.

### A-Levels | Prendergast Sixth Form

Sept 2020 - Jun 2022

Art (A), Computer Science (C), English Literature (B).

---

## Certifications

### Google UX Design Course | Coursera/Google

Aug 2026 - Present

Currently enrolled.

---

## Work Experience

### Brand Representative | Abercrombie & Fitch

Sept 2025 – Nov 2025

Delivered consistent customer experience in a fast-paced environment; developed communication, adaptability, and problem-solving skills.

### Sales Associate | TK Maxx

Aug 2023 – Aug 2024

Balanced multiple responsibilities in a high-volume store; supported onboarding of new colleagues and maintained operational standards.
